16th Nordic Meeting on Tropical Botany

10-12 August 2016
Turku, Finland

Dear Colleagues

We are pleased to announce that the 16th Nordic Meeting on Tropical Botany will be held on the 10-12 August 2016 at the University of Turku in Finland.

The program will include two days of presentations on all aspects of tropical botany. These will be followed by a one-day excursion into the nearby archipelago, to enjoy the region's plant life and scenery.

The Nordic Tropical Botany meetings have traditionally provided an enjoyable and relatively informal chance to get to know others working in this broad research area, whether students or established scientists.

Registration, abstract submission and credit card payment is open from 1st May to 31st May 2016 at the meeting's website.

We look forward to hosting you in Turku in August!

On behalf of the organizers,

Samuli Lehtonen
